Jefferson City (February 11, 2002)---Union Electric Company d/b/a AmerenUE has filed an application with the Missouri Public Service Commission seeking Commission authority to construct a transmission line in Maries, Osage and Pulaski Counties. The proposed project is a 54 mile, 345 kilovolt transmission line.

Union Electric states the proposed transmission line is necessary for it to provide reliable service to its customers and to relieve overloads on nearby lines.

Applications to intervene and participate in this case must be filed on or before February 28, 2002, with the Secretary of the Missouri Public Service Commission, P.O. Box 360, Jefferson City, Missouri 65102. Copies of the application should be sent to the following: Joseph H. Raybuck, Esq., Union Electric Company d/b/a AmerenUE, P.O. Box 66149, St. Louis, Missouri 63166-6149; and the Office of the Public Counsel, P.O. Box 7800, Jefferson City, Missouri 65102.

If no proper party or governmental entity is granted intervention and neither the PSC Staff nor the Office of the Public Counsel requests a hearing, the Commission may determine that a hearing is not necessary and that Union Electric may submit its evidence in support of the application by verified statement.
